

PLAYBEATS!!

Progress Report

20201914 박지현
Introduction to Visual Media Programming

Current Progress

- Player keys and falling tiles.
- Music and sound effects.
- Connection to txt file with tile map that can also be modified on VSC.

What needs to get done:

- Perfecting the design
- A starting menu screen.
- Combo and score counting system.
- Controlling tile speed so it goes on beat to the background music.
